**FINISH CARE & MAINTENANCE**

Never use any harsh alkali, acid based detergents or cleaners such as soft scrub®, scrubbing bubbles® or comet® to clean. Do not use brillo® or scotch brite® pads. These will all harm the finish. To clean, use only a damp soft cloth and wipe gently. Standard windex® can also be used sparingly. It is not necessary to wipe hard to remove spots. To maintain the finish, wipe with a soft dry cloth after use. An occasional coat of pure carnauba wax without cleaners will help protect the finish.
