MTCO2TANK

CO2 TANK WITH SIPHON TUBE

- 20 Pound Aluminum Cylinder
- Siphon Included
- Handle Included
- Ships Empty

- ✓ The **Mountain CHILLED is easy to use and beautiful to look at**, two aspects that make the CHILLED a perfect addition to a home's bar or beverage center space for those who want to serve their family and guests with style and refinement.
- ✓ **Create your perfect cocktail by sanitizing and chilling your glasses in seconds.**
By utilizing CO2 thermal shock, in just a few seconds you can lower the temperature of the glass to -40°F as well as killing 88% of the bacteria on the glass surface, the cause of bad odors and unpleasant aftertastes that pollute the quality of your cocktails, wines, beers, and drinks.
- ✓ Mountain CHILLED glass chillers are **made of 304 stainless steel and 100% made in Italy** to guarantee the best quality and a refined aesthetic.
- ✓ Both Models of the Mountain CHILLED are only available in the following finishes: **SS - Stainless Steel | MB - Matte Black | WH - Matte White** * Call for List & Dealer Pricing

✓ MTCHILLED
