Trap Types Explained

P-Trap

The most common style, shaped like the letter “P,” this trap uses a water seal to block odors. Available in both 1-1/4” and 1-1/2” sizes, it’s a versatile choice for most lavatory sinks.

Bottle Trap

Compact and modern, the bottle trap is ideal for exposed installations where space is limited or aesthetics are important. Its cylindrical shape hides the trap under a wall-mounted or pedestal sink.

Massachusetts / New England P-Trap

Specifically designed to meet plumbing code requirements in the Commonwealth of Massachusetts and similar jurisdictions. These traps typically include clean-out access and come with the necessary adaptors and flanges for secure installation.

Space-Saving Trap

Designed to maximize under-sink storage by redirecting the trap closer to the back wall, making it a practical choice in smaller bathrooms or cabinetry installations.

DECORATIVE

Lavatory Traps

Lavatory traps are a vital part of every sink installation, combining dependable performance with refined design. More than just a code requirement, traps prevent sewer gases from entering the bathroom while also adding a polished look to exposed plumbing. Because they are often visible in wall-hung or pedestal sink applications, the right trap brings both function and style to the space.

Mountain Plumbing offers a wide range of trap styles. With multiple sizes and a full palette of decorative finishes, Mountain Plumbing traps allow you to coordinate every detail of the bathroom while ensuring safe, durable performance.

1-1/4" P-Trap - Traditional Style with High Box Flange

MT3140

A traditionally styled 1-1/4" x 1-1/4" Lavatory P-Trap.

- 17 gauge brass (P-Trap)
- Includes High Box Flange

Consists of:

- 1 - MT301X 1-1/4" x 1-1/4" P-Trap
- 1 - MT314X 3" Diameter x 1-1/4" High Box Flange

1-1/2" P-Trap - Traditional Style with High Box Flange

MT3130

A traditionally styled 1-1/2" x 1-1/2" Lavatory P-Trap.

- 17 gauge brass (P-Trap)
- Includes High Box Flange

Consists of:

- 1 - MT302X 1-1/2" x 1-1/2" P-Trap
- 1 - MT313X 3" Diameter x 1-1/2" High Box Flange
- Includes reducing washer to fit 1-1/4" tailpiece

1-1/4" P-Trap - Traditional Style - No Flange

MT301X

A traditionally styled 1-1/4" x 1-1/4" Lavatory P-Trap.

- 17 gauge brass
- Flange not included - Use High Box Flange MT314X

1-1/2" P-Trap - Traditional Style - No Flange

MT302X

A traditionally styled 1-1/2" x 1-1/2" Lavatory P-Trap.

- 17 gauge brass
- Flange not included - Use High Box Flange MT313X
- Includes reducing washer to fit 1-1/2" x 1-1/4" tailpiece

Deluxe Decorative Bottle Trap

MT1000

Our traditional style decorative lavatory bottle trap for exposed applications.

- Patented design with a heavy cast brass body
- Fully plated drain with 17 gauge tube
- 1-1/4" x 1-1/4" trap with 9" drain tube
- Includes flange and reducer seal to attach 1-1/4" drain tube to 1-1/2" wall drain
- IAPMO (UPC) Approved

Comes with Clean-Out Plug

Round Style Decorative Bottle Trap with Clean-Out Plug

MT2000-2

Our round style decorative lavatory bottle trap for exposed applications.

- Fully plated drain with 17 gauge tube
- 1-1/4" x 1-1/4" trap with 11" drain tube
- Includes flange and reducer seal to attach 1-1/4" drain tube to 1-1/2" wall drain
- Drain body is 4-3/4" tall
- Patented feature eliminates long drain tubes from closing water seal

Square Style Decorative Bottle Trap

MT3000

Our square style decorative lavatory bottle trap for exposed applications.

- Fully plated drain with 17 gauge tube
- 1-1/4" x 1-1/4" trap with 9" drain tube
- Includes flange and reducer seal to attach 1-1/4" drain tube to 1-1/2" wall drain
- IAPMO (UPC) Approved
- This the first square bottle trap to be approved in the USA

New England/Massachusetts P-Trap

MT304X

A traditionally styled design that meets the requirements of the Commonwealth of Massachusetts plumbing codes. 1-1/2" Lavatory P-Trap with Clean-Out.

- Includes reducing washer to fit 1-1/4" tailpiece
- Trap includes cover tube for 1-1/2" PVC pipe and flange
- High Box Flange and PVC/ABS adaptors included
- MASS Approved
- IAPMO cUPC Approved

1-1/2" P-Trap - Traditional Style with Clean-Out Plug

MT305X

A traditionally styled 1-1/2" x 1-1/2" Lavatory P-Trap with Clean-Out.

- 17 gauge brass
- Flange not included - Use High Box Flange MT313X
- Includes reducing washer to fit 1-1/4" tailpiece

1-1/2" P-Trap - Traditional Style with Clean-Out Plug & High Box Flange

MT315X

A traditionally styled 1-1/2" x 1-1/2" Lavatory P-Trap with Clean-Out.

- 17 gauge brass
- Includes High Box Flange

Consists of:

- 1 - MT305X 1-1/2" x 1-1/2" P-Trap with Clean-Out
- 1 - MT313X 3" Diameter x 1-1/2" High Box Flange
- Includes reducing washer to fit 1-1/4" tailpiece

Waste Pipe for Deluxe, Round, & Square Bottle Traps

MT406

This 1-1/4" O.D. x 16" long waste arm is designed for the deluxe, round, and square bottle traps. Use when the standard supplied waste arm is too short for your application.

- 17 gauge brass
- Flange not included
- Use with lavatory trap model numbers MT1000, MT2000-2, and MT3000

1-1/4" & 1-1/2" High Box Flange

MT314X

A 1-1/4" high box flange for 1-1/4" I.D. P-Traps.

- 3" O.D. x 1-1/4" I.D. x 1-1/2" HT.
- High quality plated brass, not steel
- Available in multiple finishes

MT313X

A 1-1/2" high box flange for 1-1/2" I.D. P-Traps.

- 3" O.D. x 1-1/2" I.D. x 1-1/2" HT.
- High quality plated brass, not steel
- Available in multiple finishes

Space Saving Trap for Lavatory Sinks

MTSSTLAV

- By raising the tailpiece and redirecting the P-Trap to the back of the cabinet, you ensure maximum storage space.
- Kit includes everything needed to hook up a lavatory sink.

MOUNTAIN PLUMBING

Complete the Look

A beautifully finished bathroom isn't just about the main fixtures — it's the details that bring everything together. From traps and drains to valves and supply lines, each piece contributes to both function and style. When chosen carefully, these elements create a coordinated look that feels intentional from every angle, whether under a pedestal sink or in an exposed installation.

Mountain Plumbing makes it easy to achieve a cohesive design with products available in a wide range of finishes and styles. By combining valves, lavatory and toilet supplies, drains, and traps, you can ensure every visible detail works in harmony. It's the finishing touches that transform a functional installation into a polished design statement.

Details That Define the Look

Valves - Control the water supply to sinks and toilets. Available in angle, straight, and sweat installations, with decorative options to coordinate in exposed installations.

Lavatory Supply - Connect shut-off valves to the lavatory faucet. Offered in both flexible and rigid styles, with decorative kits to match traps and drains for a unified look.

Toilet Supply - Link the shut-off valve to the toilet fill valve. Visible in many installations, making finish choice important for a consistent bathroom aesthetic.

Lavatory Drains - Direct water from the sink basin into the plumbing system. Decorative designs and finish options allow drains to complement faucets, traps, and other hardware.

Lavatory Traps - Provide the essential water seal that prevents sewer gases from entering the bathroom. Decorative traps combine this function with coordinated finishes that complete the exposed sink installation.
